

LABOR NOTES CONFERENCE

Chicago • April 19-21, 2024 • labornotes.org/2024

Labor Notes Conferences are the biggest gatherings of grassroots labor activists, union reformers, and all-around troublemakers out there. Register by March 1 for a big discount. Don't miss a weekend of inspiration, education, and agitation.

Join thousands of union members, officers, and labor activists who are on the front lines in our workplaces and our communities, organizing new workers and agitating together. Meet troublemakers from across the country and around the world.

More than 200 meetings and workshops include creative organizing tactics, beating apathy, running for local union office, winning contract campaigns, bargaining over technology, understanding the economy, and reviving the strike.

Organize with others in your union, industry, or caucus. Face-to-face meetings to share tactics and swap notes are the heart of the Labor Notes Conference. Join an existing industry, union, or caucus meeting—or contact us to set one up.

Featuring the Great Labor Arts Exchange!

Every year the Labor Heritage Foundation organizes a national gathering of workplace activists, artists, and labor educators who are strengthening the movement with songs, poems, hip-hop, posters, cartoons, and puppets. Once again the Great Labor Arts Exchange will be part of the conference and is included in your registration.

WE'LL BE THERE!

"The Labor Notes Conference gave me access to training, workshops, and a wealth of information to make me a better organizer. And, more importantly, I was able to connect with other workers facing the same challenges I do on a daily basis. That collaboration, the spirit of solidarity, is invaluable."

Sultana Adams

Bus operator, ATU Local 192, San Pablo, California

"We have so much to learn from each other. Labor Notes has been crucial in helping us come together to share experiences, learn from workers who've been in the union movement for years, and make connections we can bring back home to strengthen our fights for democracy at work."

Paul Blundell *Amazon worker, Philadelphia*

"I go to many conferences, but only at Labor Notes did I learn about building international solidarity across borders with other auto workers. I'm excited for the 2024 conference because I want to bring together environmental justice and labor movements. We are often pitted against each other, but we have to find a way to work together."

Marcelina Pedraza

Electrician at Ford, UAW Local 551, Chicago
